

THE ENGLISH INTERNATIONAL SCHOOL OF ISTANBUL

The 18th International Painting and Drawing Competition

We are very excited this year that our Year 1 class is joining The United Nations Environmental Project.

This is an international art competition with schools entering from all around the world.

The Year 1 children have created artwork related to the pressing issue of global warming.

By participating in this project we aim to raise the children's awareness of the global warming and what we can do help.

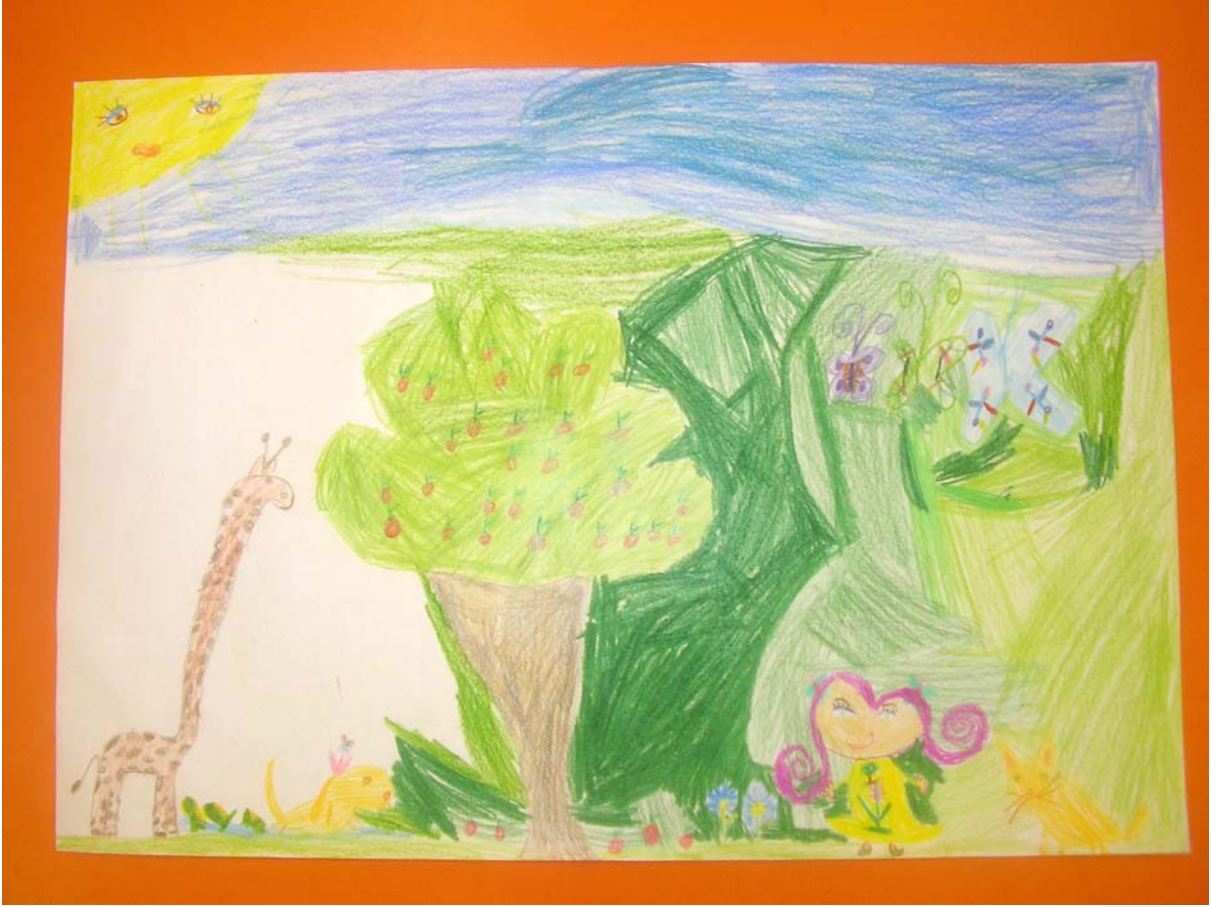

The children are particularly excited about working with other schools from different countries.

I would like to thank the Year 1 teachers (Mr Rob and Miss Rana) and our special art teacher, Mr Huseyin, for organising this wonderful project.

We wish the children all the best in the competition!
